

Infrastruct Hatch Type 2111

Infrastruct Asset Management Services Ltd. provides a range of bespoke access hatches designed to minimise the risk of contaminants entering the reservoir in non-trafficked areas.

The hatches are hinged and lift-assisted with ventilation openings and common sizes include; 900mm x 900mm and 1200mm x 1200mm as shown above.

We provide and install:

- ◆ Concrete or plastered blockwork upstands at openings
- ◆ Galvanised steel or aluminium hatches
- ◆ Ventilated openings (sized for reservoir volume)
- ◆ Lift assisted cover with hand operated safety stay
